◆ HIGH QUALITY WIGS CREATION AND TREATMENT ◆

Better Late Than Ever

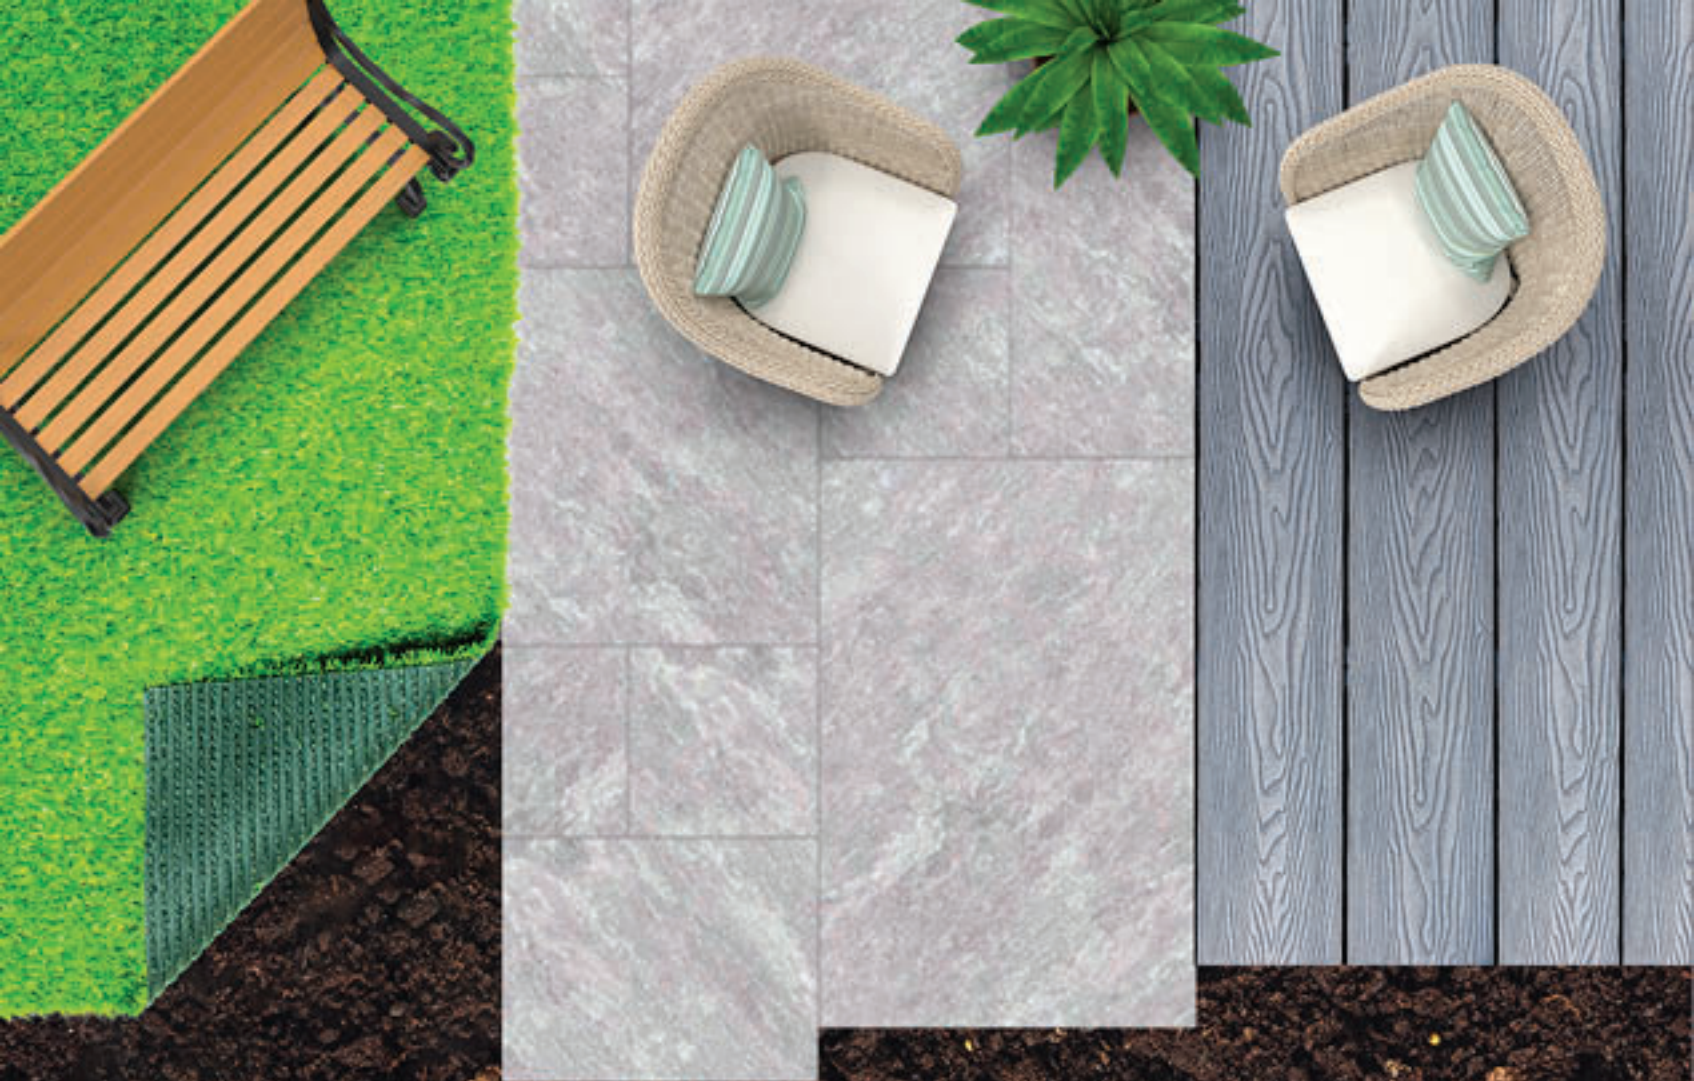

For us, creating late harvest wine is a work of passion that keeps us in the vineyard long after others have left for the season. Leaving the clusters on the vine until just the right moment, we harvest and bring them to the winery at 45°F. The fermentation is slow and kept just above freezing to capture every essence and flavor.

The result is worth every minute.

I am extremely grateful for the care and response time I received from the crew. The time given to me when I fell in the park in the cold from 999 was 360 minutes. Your crew was with me in 10-15 minutes.

The staff/responders were caring and helpful and could not have been any more considerate.

Very impressed and extremely grateful. Thank you so much.

Quick and excellent service.

I think your staff and the whole service was exceptional and makes me thankful to live in an area serviced by you

The responders were very kind and professional I felt safe in their hands

Deputy Headteacher (Teaching & Learning)

Salary: L11 – L18 (dependent on skills and experience)

Menorah Foundation School is a popular and well-established voluntary aided primary school catering for the Jewish community.

We are currently seeking to recruit an inspirational and highly motivated Deputy Headteacher (Teaching & Learning) to join our wonderful team here at Menorah Foundation School. The role has become available due to the current post holder's promotion to Headship. It comes at an exciting time with the school's drive to raise standards.

We are looking for a highly motivated individual who is passionate about education and has the skills and personal characteristics to deliver on all aspects of teaching and learning.

Applicants should have a strong teaching background and experience of leading teams, whether as a current Deputy Headteacher looking for a new challenge, or as a middle leader looking to grow. How do you know if you have **hay fever** or just a **cold**?

While **hay fever** and **cold** symptoms often overlap, there is one manifestation of pollen allergies that is never caused by **colds** - itchy.

If your eyes, ears, mouth or throat are itchy, it's probably **hay fever**.

The only exception to this rule is the itchy nose that can precede a sneeze in both **hay fever** and a **cold**.
