THE VISION

FOR NW LONDON SCHOOLS

One Community. One Step. Total Transformation.

A short interview with Eli Katz and Aryeh Melinek of The Vision – an initiative to save NW London's schools.

Q: What is The Vision?

Aryeh: It's a simple idea with the power to change everything. The kehilla is being encouraged to allocate 20% of their existing tzedokoh to local schools. So we're not giving more, we're giving differently. It's a small shift that could have an incredible impact across our schools, impacting each child.

Q: Why now?

Eli: Our schools are facing a shocking £18 million shortfall this year – up from £12 million last year. Recent national changes have hit hard: the introduction of VAT on school fees, the removal of business rates relief, rising National Insurance contributions, and continued inflation have all combined to drive costs up. Programmes are being cut, resources are stretched beyond breaking point, and every child is affected. Schools are at real risk of closure. It's a kehilla-wide emergency, and it demands a kehilla-wide solution.

Q: Can this really make a difference?

Aryeh: Yes. NW London gives over £100 million a year to tzedokoh. If 20% of that were directed to schools, the shortfall would be gone – for good.

Eli: And we've already seen early signs of success – over £2 million in committed new funds secured just through early engagement with major donors and trusts. The energy is there. People just needed a clear, achievable framework.

Q: How does it work?

Eli: From Sunday, July 13, you can join The Vision – either online via our CharityExtra page or using a paper form from your local ambassador. You then begin giving 20% of your tzedokoh directly to schools of your choice, or through school-funding charities like BEST or Chomesh L'Chinuch. And if you use Achisomoch, there will be a feature that allows you to track your 20% – making it simple to stay on track.

Q: What role have Rabbonim played?

Aryeh: The guidance and support from Rabbonim has been invaluable. From the very beginning, they've helped shape every stage of this campaign. Last week, a historic Ma'amad HaRabbonim was held, where a letter was signed backing The Vision and urging the community to join. Their leadership and unity have been extraordinary.

Q: Final message?

Eli: The crisis is real – but the solution is in our hands. Now is the moment to act – for our children, who are the future of our kehilla and the future of Klal Yisroel.

THE VISION

FOR NW LONDON SCHOOLS

NW London Rabbonim Letter in Support of the Vision

Tammuz, 5785

A new initiative has been launched for North West London Schools which are facing unprecedented financial pressures. This is seriously impacting the quality of חינוך and in some cases risking their actual survival. Furthermore it is creating unsustainable stress on many Rebbes and their families.

The חינוך of the children is the foundation of a Kehilla and is the responsibility of the Kehilla. "The Vision" initiative is a call to the ציבור to resolve to allocate 20% of their צדקה money towards the support of the local Mosdos HaChinuch.

We, the undersigned fully support this initiative, calling upon every person in NW London to participate in "The Vision".

May the special זכות of a kehilla-wide approach – in which everyone can participate, enable our תינוקות של בית רבן to reach their potential and be a שמירה for the entire Kehilla.

Signed by the Rabbonim of NW London

YESHIVA EXPERIENCE

"I just wanted to express my sincere gratitude for the life-changing 3 days I've just had the zchiyah to go through. The calibre of rabbonim and speakers you provided us with left us in a constant state of awe and tremendous chizuk gained from being up close to talmidei chachomim and choshuve leaders in the community. The advice I was given personally showed me that once in yeshivah, the ability to discuss matters with the hanhola is a wonderful avenue to explore.

On behalf of the Manchester chevrah, I want to thank you so much for providing this unique experience and without doubt my whole outlook on yeshiva and preparation for it has changed completely."
