Practical Guidance - Sage Advice

ניצוץ 0204 538 5313

Over the past 2 and half years, the neetzotz chinuch line has expanded it's area of coverage, and is now available to all kehillas throughout the uk. Through it's state of the art automated appointment booking system which is both user-friendly and fully confidential, countless parents have availed themselves of the sage advice of the dedicated chinuch rabbonim.

All of our call handlers possess remarkable talent and knowledge to guide and support parents in an effective, professional and confidential manner. Additionally, they each have unique expertise, which we have delineated in their respective profiles:

Rabbi Winegarten

Rabbi Winegarten has more than half a century of experience in the direction of helping and supporting parents with Chinuch concerns. He has earned the reputation of being a master in understanding and advising today's generation.

Drawing on his experience as one of the founders of the North West London Clubhouse, Rabbi Winegarten is considered a specialist in guiding and supporting teenage boys and girls and their parents.

Rabbi Moshkovitz

Rabbi Moshkovitz, is an acclaimed Menahel in Manchester and is a popular address for parents seeking his wise counsel in parenting matters. He has been guiding many Mechanchim in recent years and is therefore very familiar with the 'Chinuch Scene'.

Rabbi Moshkovitz has particular experience in helping parents understand the schooling system and what they can expect when dealing with the challenging child.

Rabbi Dr Roth

Rabbi Dr Roth is chartered with the British Psychological Society and registered with the Health Care Professionals Council. He has worked extensively with families across the UK and his efforts have been met with great success.

He has vast experience in supporting parents of children and adolescents who are presenting with cognitive, learning, social, emotional & behavioural challenges.

Mrs Dassy Adler

new

Mrs Dassy Adler has been involved in chinuch for 45 years. She has been giving parenting lectures in England for the last 13 years and more recently in Switzerland and Eretz Yisroel.

This is in addition to giving chinuch courses to Sem girls in London, Manchester and Gateshead.

For the last 5 years she has been mentoring parents on a 1:1 basis and in many cases working alongside therapists and Sencos.

Let's Talk About **Psychosis**

Postpartum Psychosis is serious but *rare* (affecting just 1-2 in 1,000 births). It usually starts quite suddenly, within a few weeks after birth. Symptoms include rapid mood swings – from being elated to severely depressed – and being confused, unable to sleep or concentrate.

Psychosis also involves delusions or hallucinations. Delusions are strong beliefs that others don't share, for example thinking you have special powers, have Divine experiences, or that someone is following, trying to control or harm you. Hallucinations are experiences such as hearing voices or seeing things that can't be sensed by others.

It's important to seek help as soon as possible, and with the right support, most people fully recover. Menucha is here to help; let's talk.
