Trauma Truths No. 3

Birth Trauma Is More Common Than You Think

Around 6% of women are diagnosed with post-traumatic stress after childbirth. And it is thought that a further 20 – 25% of women have symptoms that go undiagnosed, particularly if they don't meet the full criteria for PTSD.

Many women are also mistakenly diagnosed as having post-natal depression, rather than post-traumatic stress. This leads to ineffective treatment, unnecessary medication, and a worry that they can't be helped. These women may go to their doctor and be prescribed anti-depressants which will not treat the trauma.

Motherhood can be a joy, so Menucha provides understanding, non-judgemental advice, specialised therapy services, and referrals.

Our Birth Trauma Resolution Therapy (BTR) can remove the symptoms of trauma helping you to feel strong, move forward with life, and enjoy motherhood. **If we can help, let's talk.**

The Vaad Horabbonim would like to draw the attention of the ציבור to the notice on the facing page issued by the Conference of Synagogue Rabbonim of Agudath Israel. Letters from senior Rabbonim in safrus in ארץ ישראל have also been written making similar points.

These confirm the international nature of the problems that the Vaad have raised in the last couple of years regarding the purchase of items of סת"ם.

The Vaad take this opportunity to remind the ציבור of the importance of buying מזוזות and תפילין from recognised reliable sources only.

IMPORTANT NOTICE

Adar II 5782

It has come to our attention that many mezuzos being sold in our communities are problematic and should not be sold. This issue has become more prevalent in the past year, as some are finding mezuzos to be at a premium. Unfortunately, many of the mainstream stores and some sofrim are selling passul mezuzos to the public.

We call on sofrim and Judaica stores to remove these problematic mezuzos from our midst. We call on the public - rabbonim and laymen alike - to be vigilant and aware of the status of the mezuzos being purchased.

We strongly recommend having mezuzos thoroughly checked by a posek or sofer proficient in the halachos of STA"M to ascertain they were originally written in a manner which is halachically acceptable.

We will FYH be monitoring the situation and will update the public as to progress in this area.

אדר ב' תשפ"ב

לאחרונה נפצו לרוב מזוזות שיש בהם פקפוקים להלכה, ובפרט בשנה האחרונה שיש אלו שנתקשו להשיג מזוזות, ולצערנו, מזוזות הג'ל נמכרים לציבור בהרבה מהחטיות וגם ע"י קצת מהסופרים.

קוראים אנו בזה לסופרים ומוכרי סת"ם להסיר מזוזות המפוקפקות הג'ל מקרבנו. וגם קוראים אנו לרבנים ולהגמון העם שיהיו עיניהם סקוחות לשמור בתכלית השמירה שלא לקנות מזוזות מפוקפקות או בלתי כשרות.

והננו ממליצים לציבור הרחב - בין אלו הבאים לקנות מזוזות, ובין אלו שיש להם מזוזות מכבר ואין יודעים אם כשרות הם לכתחילה - שיבדקו מזוזותיהם ע"י רב שהוא פוסק ובקי בהלכות סת"ם, או ע"י סוטר ירא שמים הבקי בהלכות סת"ם, כדי לוודא שהם כשרות לכתחילה ונקי משאלות.

כדעתנו לעמוד על המשמר בזה, ולעדכן את הציבור בעתיד א"ה.

אנחנו יחד נשמר את אגודת ישראל מאתקן

BASIC GUIDANCE VIS-A-VIS MEZUZOS

There are some simple ways to identify potentially problematic mezuzos. One way is to check the Tagin (crowns on the letters). If a mezuzah is missing Tagin, many times it is a sign of a sloppy mezuzah which may have other problems.

Below are some basic warning signs, based on the p'sakim of the Mishna Berurah:

- Letters טזטז which don't have proper Tagin.
- Letters חיה and ל which do not have Tagin on the top.
- A letter ז which doesn't have a small upward protrusion on the upper right corner.
- Words of the mezuzah which look cramped without sufficient spacing in between.
- A letter ב whose right leg doesn't end below the rest of the letter.
- A letter ו which doesn't have a dip on top at the point of connection.
- A letter ל whose neck is too short, resembling a ך rather than a ל.

SOME OTHER IMPORTANT POINTERS:

- Even if a mezuzah has been checked, it may still have issues. Most sofrim checking mezuzos focus on damages, not on whether the mezuzah was originally written in a halachically l'chatchila manner. Therefore, when any mezuzah (new or used) is given to be checked, please inform the sofer that you want a mezuzah that is kosher l'chatchila.
- The writing process of mezuzos has many complex halachos which can invalidate the mezuzah in ways which can't be identified afterwards. Thus, the yichus of a mezuzah is vital. Find out - who wrote your mezuzah? Was he a yerei shamayim? Is he proficient in all of the complex halachos of STA"M?
- People say, "But the storeowner is very frum!" Please understand that the storeowners would rather sell you a good mezuzah. However, people come in with unrealistic expectations, seeking to purchase quality mezuzos at bargain prices. If you request cheap mezuzos, you will get what you pay for. This is why these problematic mezuzos have made it into our homes. If your mezuzah was at the bottom end of the price range, there will most likely be some issues with it.
