British Friends of Shuvu

Elul 5780 / September 2020

Dear Friends,

Shuvu connects children to their Jewish heritage by providing a **positive and uplifting Jewish education**.

Shuvu runs a network of **75 kindergartens, elementary and high schools throughout Israel**, educating over 6,000 students from all backgrounds, equipping them with the skills and knowledge to become independent, successful and productive members of Israeli society.

Shuvu's curriculum focuses on the sciences, mathematics and computer programming. It is designed to help students exceed Israeli national academic standards. For many years **Shuvu students have tested as two years ahead of their peers in Israeli secular schools**. As well as offering an unrivaled secular education, in times like these it has never been more important to provide Yiddishkeit and a place of certainty. Shuvu children also benefit from a hot meal, transport to school and the opportunity to learn in a safe and friendly environment where their families are also supported and educated.

Shuvu's essential services include:

- Extended school days
- School transport on 110 school buses daily
- 4,100 hot lunches provided every day
- Emergency and welfare support
- Summer camps for children
- Adult education for parents
- Twice yearly home visits to students at home
- Shabbatons and festival programmes
- Bar and Bat Mitzvah courses
- Jewish heritage and history courses

More and more native Israelis send their children to Shuvu, many students come from immigrant families and more than a third come from low-income or single-parent families. At Shuvu we are facing unprecedented demand and are committed to providing our services to even more families. Shuvu can only achieve this goal with the assistance of generous donations from members of our community.

Please help us continue to educate and transform the lives of these children.

Sincerely,

David Blachman

Aryeh Melnik
