The bags have different patterns: stripes, chevrons, and one with the word 'Sale' written on it in a cursive font.

The Governors of Menorah Primary School are pleased to announce that with effect from 1 January 2024, Menorah Primary School will become a single form entry school for girls only to be known as Menorah Primary School for Girls and a new single form entry voluntary aided school for boys only will be established, to be known as Menorah Primary School for Boys. Both schools will be located at the current premises and will form a federation to be known as the Menorah Primary Schools Federation.

If a child born between 1st September 2020 and 31st August 2021
is to be considered for the Nursery Class of either Menorah Primary School for Girls or Menorah Primary School for Boys commencing September 2024
an application form must be submitted before 14th December 2023.

If a child born between 1st September 2019 and 31st August 2020
is to be considered for the Reception Class of either Menorah Primary School for Girls

or Menorah Primary School for Boys commencing September 2024
two separate applications will need to be made:

1. Menorah Supplementary Information Form to be returned to the School.
 2. An online application made to the London Borough of Barnet
- each before 15th January 2024.**

The application lists will close on the above dates.

If a child is born between the above dates it is essential that an application is made now. If desired, parents can submit a request for admission out of the normal age group to the school's admission authority at the same time. Under no circumstances should a parent unilaterally decide to postpone making an application until next year.

A copy of the Governors' Admissions Policy and Supplementary Information Forms are available from www.menorahprimaryschool.org.uk or on request from the School Office.

7 Benefits of Working With a Health Insurance Broker

1 Cost Savings

Since the services of a broker are free, and they can usually negotiate better prices for the same cover than the average customer can.

2 Objective Risk Assessment

They can help you make risk assessments, on both policy and financial decisions, with the knowledge built over years in the industry.

3 Honest Advice

Health insurance brokers in the UK don't usually have any affiliations to insurance providers so they can offer you honest opinions about what works for you.

4 Simplified Communications

A good broker will break down discussions about policy and coverage into a language you understand to keep you feeling relaxed and in control.

5 Range of Insurer Options

Brokers work with a variety of health insurance providers in the UK, so you can choose between multiple providers to find your perfect fit.

6 Accurate Policy Comparisons

With their extensive knowledge of the products, system and industry, brokers can summarise and simplify each policy so you can see your options easily!

7 Time-Saving

With their extensive knowledge of the products, system and industry, brokers can summarise and simplify each policy so you can see your options easily!

“If you’re sent a free NHS bowel cancer screening kit, you should complete it as soon as possible.”

Dr Laurence Blumberg, GP
Stamford Hill Group Practice

The NHS bowel cancer screening kit can save your life.

You do it privately at home by following a few simple steps. Just a tiny sample detects signs of cancer before you notice anything wrong and most people get the all clear.

If you’re sent a kit, put it in the bathroom. Don’t put it off.
