CHARTOU KERESZTÚR LATE HARVEST TOKAJI 2020

Crisp, lively, and smooth. The Chartou Keresztúr is a signature late harvest wine.

This subtly balanced light straw wine exudes the charms of the historic Tokaj region and its typical grape, elaborated through its time-honoured methods of winemaking.

This wine is not only from an esteemed, historic wine estate, but also the surroundings of the famous village of Bodrogkeresztúr, which is a place of reverence, as it was the home of an iconic Saint and Sage, The holy **Reb Shayele Kerestirer zt"l**

DISCOVER A GENTLER EXPERIENCE OF LIFE

The Wellbeing Clinic @ CR Practice, was set-up as a service to the community, offering access to experienced Three Principles practitioners at very affordable rates.

The Three Principles is an understanding of human function and behaviour that guides people towards a gentler experience of life. Unlike many approaches to wellbeing and mental health, the Three Principles understanding is a spiritual approach - consistent with Torah values. It points to the health that lies within every one of us and looks to see what is right, not wrong, with us; it guides people to their own innate wisdom,

strength, wellbeing and mental health.

Whether you are struggling with anxiety, overwhelm, grief, OCD, lack of meaning, depression, addiction, an eating disorder, having a hard time in your relationships, or simply need someone to talk with, some support or someone to sit and listen, our clinic practitioners will create a safe environment for you and help guide you to the wisdom you have within that will help you navigate your own way to a better life.

"I found the intensive very helpful and can now lead a greater quality of life with less stress and more spirituality and understanding. Chana is a woman of great understanding and humility and has a true gift for helping people and changing the world for the better." D.C

JOYFUL RELATIONSHIPS

Join Rabbi Shaul and Chana Rosenblatt for a 10-week exploration into the wisdom behind successful and joyful relationships.

Shaul and Chana have decades of experience in relationship counselling and have seen, over and over, that more understanding only ever brings more love and harmony.

Topics covered will include:

- **Expectations:** What are they and what price do we pay for taking them too seriously
- **Listening:** Listen beyond the words, beyond what is being said, listen to the feeling
- **Moods:** How a fluctuating state of mind is perfectly normal for both you and your partner and how understanding the nature of moods will bring a whole new world of possibility to

your relationships

- **Forgiveness:** Nothing is unforgivable, what then is stopping us from forgiving?
- **It takes one to tango:** It's never about your partner,
- **Separate Realities:** We are spiritual beings who live in a world of thought, creating our own realities, often without even realising.
- **The pleasure of giving and what you get in exchange.**

See where we are the same and what is right with the other and start to experience a world of beautiful feeling, joy and connection once again.

If you are struggling in your relationship, or doing well but want to do even better, this course is for you.

Tip #2

What's in my credit report?

Details of your past and current bank accounts, your credit cards, and if you owe money. Crucially, it also includes details on whether or not you've kept up with repayments.

Other information it includes is supplied by utility companies, including your current & previous addresses and any

financial connections – for example, the name of the person you share a joint account with.

It does NOT include information such as the amount of money in your current or savings account, or your salary.

Next week: Tip #3 How does my credit report affect me?
