From pre-contract to post-contract services, we ensure your project stays on track financially.

“
A structural redesign was needed for our new rear extension. Costwise reviewed the contractor's additional charges and saved us £12,000.

“
Costwise assisted us with selecting the contractor for our building works, ensuring all necessary items were accounted for and preventing any unexpected surprises down the line.

“
The contractor proposed a building contract. Having no expertise in construction contracts, I approached Costwise.

They reviewed, advised, and subsequently proposed a fair construction contract that protected our interests.

THE MONTEFIORE SEMICHA COURSE

Training a new generation of future community rabbis, teachers and lay leaders

Starting
Basar Bechalav
September 2024

A part-time Semicha Course in London to be followed in parallel with a career or other studies.

Applications are invited to join the Montefiore Endowment's Semicha Course's latest 4–5 year cycle, for the beginning of Hilchot Basar Bechalav in September 2024. The study includes Shabbat, Niddah and other areas of practical Halacha. It also aims to teach future rabbis how to respond to the halachic challenges of fast-changing contemporary life.

Students will be prepared for Semicha Yoreh Yoreh, issued jointly by the Montefiore College and by Eretz Hemdah, the Institute of Advanced Jewish Studies, Jerusalem. The Semicha Course is known internationally as a robust and rigorous programme and is recognised for membership of the Rabbinical Council of America.

Applicants must have a sound educational background, both in Torah learning and secular studies. All must have studied in yeshivah and most will also hold university degrees or equivalent. The acceptance of Torah im Derekh Eretz and a wish to serve the community are essential. Students will be encouraged to continue their careers in parallel and will not pay tuition fees.

PLEASE HELP!

**A family sold their candlesticks and jewelry
just to have money to live off.
What more can we ask this hardworking
family to do?**

We hope that those whom Hashem has blessed will help us support those who can't manage. We are not building buildings or paying wages, but giving food to the hungry, providing clothes and shoes, paying for urgent repairs, stopping families from losing their homes, and covering doctor, dentist, and mental health appointments, which everyone who has been there understands that they are just as critical as physical health services but never seem to receive the priority or support they deserve.

We support the most complex and unfortunate families in town. It isn't easy to read some of the appeals we receive, some truly shock me, and we know from inquiries that they are sadly true.

There is no other organization in town that these families can turn to for the support they need. This is real, genuine Tzedakah for the needy, we have helped hundreds of families, and our turnover is almost a million annually.

Please donate generously, it will be a big zechus for you and your family.

Families have seen big Yeshuos donating to us.

Dr Moshe Cohen

Was the manager of Bikur Cholim Hospital while he did the treatment 30 years ago. "I tried to stop smoking on many occasions, but was never successful, until I heard about Tomer's clinic, at the Bikur Cholim Hospital. They suggested me to attend the clinic. I was amazed — after only one session I felt no need to smoke. It was a unique experience! Now, 30 years later I no longer smoke and have suffered no ill effects from giving up."

Rabbi Aharon Mann

R. Mann is a manager in the Ezra U'Marpeh organization. He stopped smoking 27 ago. "Until you come to Tomer's clinic you won't believe that it is possible after thirty years of smoking to stop in one day. Now 27 years on, I feel great. I feel no need to smoke and I have encouraged many people to go to Tomer's clinic — it really works."

Rabbi Moshe Landa

Moshe is a manager in the Ezra U'Marpeh clinic. "In the past I tried unsuccessfully to stop smoking many times, using numerous types of treatment. After one session at Tomer's clinic, I no longer felt the need to smoke, even though I was under a lot of pressure at the time. I feel better in myself and haven't smoked for 27 years and my life has much improved."

“ I am a young teenage girl and I  
learned the Halochos of Yichud.

I went to borrow something from a neighbour, the  
father was particularly friendly, invited me right  
inside and closed the door fully.

Realising we were alone on the house I said it may  
be yichud and speedily exited.

I later realised that keeping hilchos  
yichud protected me from potential harm.

“ We have tried other brokers but came back to Lifepoint as they get it right every time! They are the friendly and helpful, with phones that actually get answered. They will get you what you want, not what is just good for them.

Finally, they always managed to get us the best deal compared to anyone else. I would recommend them to anyone!
