PASKESZ

YES!

It's that time
of the year again

YOU GET WHAT YOU PAY FOR.

The right hospital can make all the difference, but some policies only cover the basic and small ones in London – not the most expert ones. Also, a clause in some plans (often called **guided care / expert select**) only allows you to choose from a list of 3 / 4 doctors selected by the insurers. So you're paying for private care, without getting access to the best.

Make sure your plan includes:

- Inpatient Hospital stay
- Outpatient consultations
- Inpatient **and** outpatient diagnostics
- Full cancer cover
- Choice of location and doctor
- Cover in **all** London hospitals (e.g. Wellington, HCA)

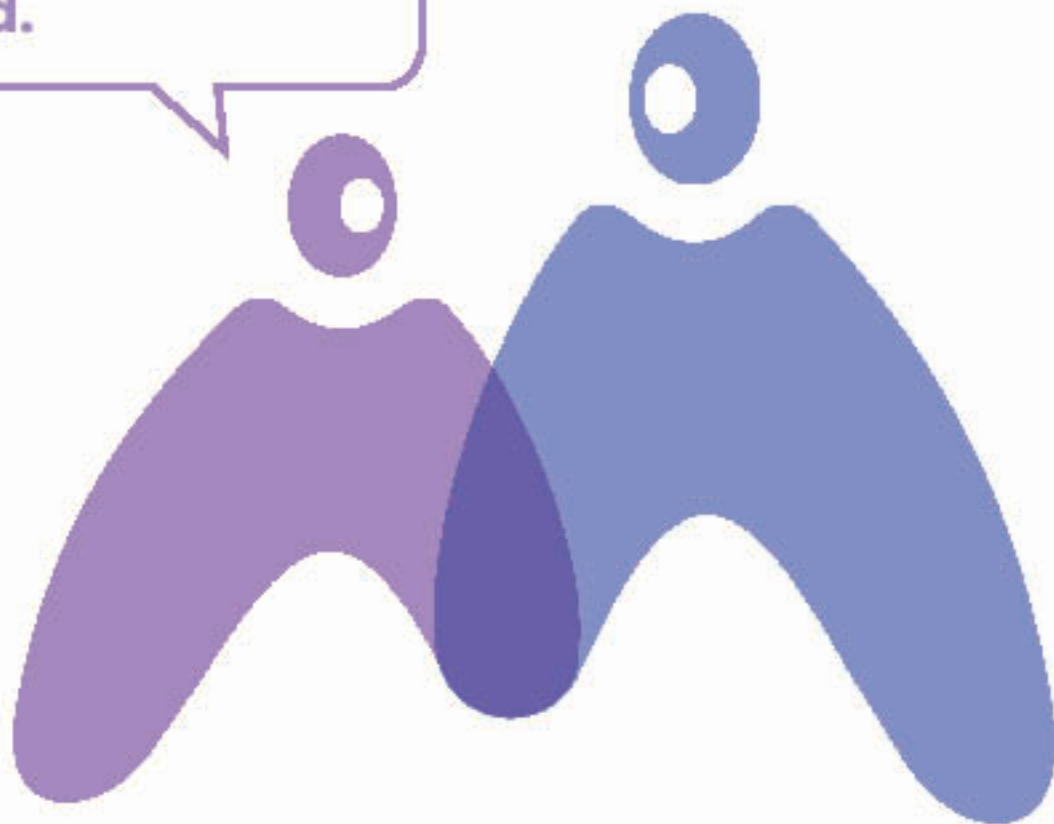

For extra security, also include:

- Private GP cover
- Physiotherapy
- Rehabilitation
- Mental Health

If you're spending less, therefore missing any of the above (essentials), you're not getting all the vital benefits private care can give. **If you're already paying, pay for the best.**

Menucha Milestone No. 2

They really listened to me.
Everything was tailored to
what I needed.

If you are facing the challenge of a perinatal mental health issue, Menucha is here to provide understanding, non-judgemental advice, specialised therapy services, and referrals.

Getting You The Right Support

We want you to be supported in the way that works best for you. Our Clinical Team carefully assesses and discusses every single case. We help with a range of issues, and over the last year have supported women with: Anxiety (39%), Depression (19%), Maternal OCD (12%), Birth Trauma (23%), and Psychosis (7%).

As soon as a Case Manager has captured your details, an assessment is arranged with one of our specialised therapists. Their extensive professional experience of perinatal mood disorders enables them to work with your Case Manager and our Perinatal Psychologist to determine the most appropriate therapy to help you.

When you join the Menucha programme, a therapeutic plan, tailored specifically to you, is put in place and if you need physical support as well as therapy, a Care Coordinator will be allocated to you.

Motherhood can be a joy; *if we can help, let's talk.*

RESIDENTIAL & COMMERCIAL PLANNING AND DESIGN SERVICES

We provide all your planning and architecture needs in one place.

We have involvements in projects of all different scales and types - (home extension, loft & garage conversion, home renovation, architectural design), each being client focused and context led.

Using 2D & 3D immersive technology, we encourage our clients to engage in the design phases to communicate their aspirations and desires for the project. From the first consultation, we'll work with you to understand what you would like to achieve, and with our vision we'll help you get there!

This refined approach creates carefully considered solutions with both clarity and beauty.
