FOR SERIOUSLY
ILL CHILDREN**

WHEN THEY NEED US MOST

We are there

Otto has Alagille Syndrome, a rare condition primarily affecting his heart and liver. Camp Simcha has been there for his family since shortly after his diagnosis, supporting them when they need us most.

Each year Camp Simcha helps more than 1,500 family members throughout the UK just like Otto's, coping with over 50 serious and chronic childhood medical conditions.

Your support this Rosh Hashanah will help ensure we can continue to be there - when families need us most.

I'm Leora

I really enjoy gymnastics and roller-blading with my friends. Sometimes I don't feel myself and I don't know why. I don't want to bother my mother - she's so busy, but I don't like this sad feeling.

Beneath the smiles, we all face our own battles. Let's talk.

PARK HILL
EQUITY RELEASE

ARE YOU AGE 55+ AND THINKING OF RELEASING EQUITY FROM YOUR HOME?

Our customers say Excellent ★★★★★ 5* based on 140+ reviews

A Lifetime Mortgage for age 55+ can be used to:

- Repay an existing mortgage/debts
- Provide a regular income
- Purchase a new property
- Gift to family members
- Plan for Inheritance Tax

**Rates are fixed for life,
no income is needed
and no monthly
payments are
required as interest
can be rolled up**

Call Mark Calvert

☎ 07850 657 696

✉ mark@parkhillequityrelease.co.uk

This is a lifetime mortgage. To understand the features and risks, please ask for a personalised illustration. Check that this mortgage will meet your needs if you want to move or sell your home or you want your family to inherit it. A lifetime mortgage may impact your entitlement to means-tested benefits and the inheritance you may leave. If you are in any doubt, seek independent advice.

A fee may be charged for equity release advice. The exact amount will depend on your circumstances, but we estimate this will be £1,495 on completion.

Park Hill Equity Release Ltd is an Appointed Representative of The Right Mortgage Ltd, which is authorised and regulated by the Financial Conduct Authority (FCA). Registered in England and Wales no. 14358326. Registered Address: Wohl Enterprise Hub, 2b Redbourne Avenue, London, N3 2BS.

In trouble with your mortgage? You *do* have options.

As interest rates have risen sharply, you may now be seeing your mortgage payments shoot up and wonder how you will be able to afford them.

The Government has agreed a Mortgage Charter with most lenders, and this gives you a number of options. These include extending the mortgage term, thereby reducing monthly repayments, or having a period of paying interest-only. Both of these can be done without affordability checks or affecting your credit score.

The important thing is to actively address your situation, not let it linger or go into arrears which reduces your options considerably. At Paperweight, our Money Advice Team can take you through your various choices (we are accredited by the Financial Conduct Authority, which means we are authorised to give debt and financial advice).

To access our free services call 0330 174 4300 or visit paperweight.org.uk

ANSWER OUR CALL

So we can respond to yours

Hatzola Northwest, a fully registered CQC health care provider, operates a 24/7 community service 365 days a year and receives over 6,200 calls annually.

This is only possible due to our 52 fully trained responders, 21 dispatchers and current fleet of 8 ambulances.

As we do not charge for our services, our mission to provide swift and life-saving emergency medical care would not be possible without your generous contributions.

Your support truly makes a difference to the lives of those who depend on our services.

This Rosh Hashanah, please continue to answer our call so we can respond to yours.

Lab grown diamonds Jewellery

How are man-made diamonds created?

Rough diamonds are created using two techniques, chemical vapour deposition and high-pressure-high-temperature. Once the rough diamond crystal has been grown, the diamond is cut in the same way as a traditional diamond.

Will anyone be able to tell the difference?

No. Lab-created diamonds look identical to natural diamonds in every way. Most man-made diamonds of a certifiable size include a microscopic inscription on their girdle to identify them as lab-grown.

Can you set my own lab-grown diamond into one of your rings?

Yes. Please contact us with any design preference for a personal quote.

What quality are lab-grown diamonds?

Most man-made diamonds are very high colour and clarity diamonds. For example F colour and VS clarity.

Is it possible to buy small lab-created diamonds?

Yes. We can provide small lab-grown diamonds in addition to natural diamonds-either loose or set into jewellery. We have no minimum order for small sizes. Please contact us for a quote.
