Let's Talk...

...About Perinatal Mood Disorders

Motherhood should be a joy. But 1 in 4 women suffer from a perinatal mood disorder. Perinatal means from conception to 18 months post-birth. Mood disorders include anxiety, depression, OCD, and birth trauma.

Those affected feel isolated and reluctant to talk about their experience. That's why Menucha was launched to provide advice, support, and understanding.

Motherhood should be a joy, so Menucha is here to provide understanding, non-judgmental advice, specialised therapy services, and referrals. If we can help, let's talk.
