This is a lifetime mortgage. To understand the features and risks, please ask for a personalised illustration. Check that this mortgage will meet your needs if you want to move or sell your home or you want your family to inherit it. A lifetime mortgage may impact your entitlement to means-tested benefits and the inheritance you may leave. If you are in any doubt, seek independent advice.

A fee may be charged for equity release advice. The exact amount will depend on your circumstances, but we estimate this will be £1,495 on completion.

ARE LAB-CREATED DIAMONDS REAL DIAMONDS?

Lab-grown diamonds are real diamonds with the same physical, chemical and optical properties as natural mined diamonds. To both the expert and untrained eye, they are impossible to tell apart. At this point, we must emphasize that lab-created diamonds are not diamond simulants. To clarify, diamond simulants are natural or artificial gemstones with properties similar to diamonds. As a result, diamond simulants look like diamonds but are not diamonds.

AT MICHELLE COLLECTION JEWLS WE CREATE LAB-GROWN DIAMOND ENGAGEMENT RINGS, EARRINGS, NECKLACES AND BESPOKE JEWELLERY.
