Boost your Immune System NOW!

With a history of human use for hundreds of years, garlic might be the most commonly recognized food with potent antibiotic properties and has been considered a #1 healer. **Maxi Health Kyolic® is the only kosher Kyolic® on the vitamin market** and its value as an immune system booster has been widely acknowledged.

Now with Badatz!

What is the Immune System?

The immune system consists of many types of cells and protective substances that fight infections and life-threatening diseases. A strong immune system defends against bacteria, viruses and fungal diseases. Aged Garlic Extract stimulates immunity and helps combat infection. Preclinical studies show that Aged Garlic Extract may prevent influenza virus infections.

Maxi Kyolic® is the only Kosher Kyolic® Aged Garlic Extract available!

Maxi Kyolic® available in liquid & tablets

While fresh garlic has many wonderful properties, studies have proven that Aged Garlic is even more effective.

In one clinical study, subjects given 1800 mg of Aged Garlic Extract per day, approximately 5 tablets of Maxi Kyolic® or 1.5 tsp. for 3 weeks, showed a 155.5% increase in NK cell activity, while those receiving 35 grams of fresh garlic per day (10 cloves) had only a 139.9% increase, indicating the superior immune-enhancing benefits of Aged Garlic Extract.

In addition, many people have difficulties digesting fresh garlic. However, Maxi Kyolic® (tablets) and Maxi Biotic® both contain Enzymax for maximum absorption and easy digestion.

Maxi Biotic®

For those people looking for a potent immune system booster that combines the power of garlic with other wonderful immune system enhancers, Maxi Biotic® is just the thing.

Using a combination of Aged Garlic, Echinacea, Oregano and Spirulina, Maxi Biotic® is a virtual powerhouse of defense agents.

- Researchers in the US claim that **Echinacea** cuts the chance of catching the common cold by 58%!
- **Oregano**, another important ingredient of Maxi Biotic®, is well-known as an effective defense against bacteria.
- Studies suggest **Spirulina** may boost the immune system, help protect against allergic reactions, and have antiviral properties.

With the approach of the winter season comes the full range of sneezes and sniffles. Arm your immune system with highly potent protective agents to help you withstand the winter chill.

Let's Talk...

...About Perinatal Mood Disorders

Motherhood can be a joy. But 1 in 4 women suffer from a perinatal mood disorder. Perinatal means from conception to 18 months post-birth. Mood disorders include anxiety, depression, OCD, and birth trauma.

Those affected feel isolated and reluctant to talk about their experience.

Menucha is here to provide understanding, non-judgmental advice, specialised therapy services, and referrals. If we can help, let's talk.
